Dear Mr Yang

Thank you for your letter dated 23 June 2009 regarding the Second Annual Entrepreneurs Week.

The Victorian Government is proud to support the second annual Entrepreneurs Week 2009.

At a time of global economic uncertainty, the Victorian Government believes the development and success of knowledge-based industries is fundamental to our state's continued economic growth. Integral to this success is ensuring the innovative and entrepreneurial minds of our future leaders are fostered through a range of learning opportunities.

Entrepreneurs Week 2009 offers Victorian undergraduate and graduate students many opportunities—not only for learning vital business techniques and for providing an understanding of the innovation process, but also for learning the important skills of effective communication, entrepreneurial thinking and teamwork. These skills will be invaluable as students make the transition into the workplace or future education and training, in turn ensuring Victoria remains a vibrant place to live, work, learn and invest.

I am pleased to support this important initiative and encourage all participants in Entrepreneurs Week to rise to the challenge and make the most of this outstanding experience.

Yours sincerely

Gavin Jennings MLC
